

# MOMENTUM TELECOM COMPLETES ACQUISITION OF METRO OPTICAL

## Acquisition will add Network Services to Momentum's Already Robust Solution Portfolio

**Atlanta – April 4, 2019** – [Momentum Telecom](#), a premier provider of cloud voice, network services and [unified communications](#) solutions today announced that it has completed its transaction to acquire Metro Optical Solutions. Metro Optical is a leading provider of managed network, data and internet solutions to enterprise and carrier customers globally.

“We are thrilled to welcome Metro Optical employees and customers to the Momentum Telecom family,” said Todd Zittrouer, CEO at Momentum Telecom. “The acquisition of Metro Optical represents another important step in the execution of our growth strategy and further positions Momentum Telecom as a leader in the UCaaS market.”

Terms of the transaction were not disclosed.

Bradley Arant Boult Cummings LLP served as legal counsel to Momentum in connection with this transaction. Q Advisors, a TMT global investment banking boutique, acted as financial advisor to Metro Optical.
